Overview and Objectives

Foundation FSSC published FSSC 22000 V6.0 on 31 March 2023. FSSC 22000 is an independently managed certification scheme, which is based on ISO 22000 and ISO/TS 22002-X series dependent on the product. The system is recognised by GFSI and other accreditation bodies.

The internationally-recognised FSSC 22000 Food Safety System enables companies to plan, implement, operate, maintain and update their food-safety management systems to ensure safe products for customers and achieve truly global recognition for their system. The course specifies the detailed requirements for establishing, implementing and maintaining the FSSC 22000 standard and the PRP(pre-requisite programmes) requirements (clause 8.2 ISO 22000:2018) for your industry. The course addresses the practical implementation of a Food Safety System.

Course Objectives
